DISCUSSION

Debtor's Motion for Sanctions was originally set for hearing on March 26, 2010. Debtor consented to various requests by EMC for continuances until the date now set. By stipulation, Court Order, and Local Rule 9014-1(c) the creditor's response was last due by May 21, 2010. EMC Mortgage chose to ignore all of the above and filed a late response. Creditor's response should not be included in the record of this motion and should not be considered as opposition.
